4924 State Rte 8

Fort Ann, NY 12837

(518) 746-9303

Dear Madam or Sirs:

The Adirondack Chapter Harley Owners group #3220 is a local, active motorcycle group sponsored by McDermott's Harley Davidson of Fort Ann. Each year we try to have a benefit for a local worthwhile organization. This year we are planning our benefit run for June 3, 2007. We are here to ask for your assistance.

This year's benefactor is Glens Falls Association for the Blind. The Glens Falls Association for the Blind, Inc. is an independent, private, non-profit organization, founded in 1935. We are dedicated to preventing blindness and promoting the well-being of blind and visually impaired persons in all ways. The Association is committed to equipping visually limited persons with the skills needed for independent and productive life in the community.

The Glens Falls Association for the Blind, Inc. believes that blind and visually limited persons should have access to the same benefits and activities that sighted persons enjoy. To that end, the Association provides support, guidance, and instruction, as well as public education. We are proud to offer our assistance to this worthy cause.

We are planning our run for June 3, 2007 that will end in a picnic lunch. Historically, we have great participation from local clubs and sponsors like you. It is clear we are in tight financial times, but we ask for any assistance that you or your organization can provide.

Anything at all that you can do will be most appreciated. Tax-deductible checks can be made payable to The Glens Falls Association for the Blind, Inc.

Thank you in advance for your time and consideration.

Sincerely,

Benjamin E. Nickleson Jr., Director.
Adirondack Chapter, Harley Owners Group
